WELCOME

Welcome to the Applied Family,

My personal favorite value is "family". When you commence with us, you truly come apart of our family, where we will support, mentor, laugh, cry (hopefully not) along with you, whilst assisting you with meeting your goals. the way in assisting you to achieve your goals.

With 14 years experiencing placing people with disabilities into paid employment, we liked to think that we are that perfect blend of being cutting edge, but also implementing the basics.

We are looking forward to working with you.

Sincerely

Leesa Watters

Founder & Chief Executive Officer

OURSPACE

We are super excited to have you come along to "Our Space"!

Our Space is a **10 week program**, which creates the opportunity and space for participants to build both practical and soft skills. Participants will then be given the opportunity to apply these skills, by participating in a "pop up cafe /shop" in **week 10**. Once the program has been completed, we can assist you in creating a micro business or find paid employment.

LOCATIONS:

Please check Applied Abilities website for exact start dates or

SCAN the QR code above!

THREE CREWS

You have three different crews you can be a part of:

Coffee Crew

- Learn to make hot and cold coffee-based drinks
